

TIMOTHY BASWELL DONALDSON, CBE

Central Bank Governor (1974 – 1980)

The Central Bank of The Bahamas mourns the passing of its first Governor.

As leader of the Bank in its formative years, Mr. Donaldson served with distinction and honour. His was an inspirational style of leadership – one that demonstrated value for people and a genuine interest in their well-being.

He has left an indelible mark on those who have been privileged to serve with him.

His endearing smile, his graciousness, magnanimity of spirit and stately demeanour will long be remembered.
