

Public Notice

The Central Bank of The Bahamas Summer Employment Programme 2022

The Central Bank of The Bahamas invites interested candidates to submit applications for the Summer Employment Programme by forwarding resumes to our Human Resources email address (hrd@centralbankbahamas.com).

As a result of the Covid-19 pandemic, we have modified the scope of the programme. All selected candidates must have provisions to work in a remote environment. The Central Bank will host one session this year, which will commence 1 June, 2022, and will continue for seven weeks ending 15 July, 2022.

Applicants must submit their most recent transcript and a resume outlining the degree and area of study being pursued. Consideration will be given to third- or fourth-year college students. Candidates must identify the year of college they are entering.

The application deadline is 14 April, 2022. The Human Resources Department will contact shortlisted candidates only. Selected candidates will be provided with the necessary details to assist in the on-boarding process.
