## DEFINITION OF TERMS

### **Authorised Dealer:**

An authorised dealer is a bank which has been authorised by the Central Bank to deal in gold and all currencies, and for this purpose can open and maintain accounts in such currencies, within the limits laid down in Exchange Control Notices issued by the Bank. Under authority delegated by the Central Bank, an authorised dealer can approve certain applications for foreign currency within specified currency and specified limits.

### **Authorised Agent:**

An authorised agent is a trust company authorised by the Central Bank to deal in Bahamian and foreign currency securities and to receive securities into deposits (i.e. to act as custodians) in accordance with the terms of Exchange Control Regulations Act and Exchange Control Notices issued by the Central Bank.

### **Resident:**

A resident status allows a bank and/or trust company to deal only in Bahamian Dollars, but operations in foreign currencies require Exchange Control authorisation. This does not apply to an Authorised Agent or Authorised Dealer which is a designated Resident.

### **Non-Resident:**

A non-resident designation permits a bank and/or trust company to operate with non-residents and freely in foreign currencies. These licensees with Exchange Control approval can operate a Bahamian Dollar account to pay local expenses.

### **Public License:**

A public bank and/or trust company is one which is permitted to carry on banking and/or trust business with members of the public.

### **Restricted License:**

A restricted bank and/or trust company is one which is allowed to carry on business for certain specified persons which are usually named in the licence.

### **Nominee Trust License:**

A nominee trust license restricts the services that may be offered by a licensee to the provision of nominee services only. Such services are defined to include the holding of securities and other assets in the licensee's name and the provision of corporate directors and officers on behalf of its parent company's clients.

### **Non-Active License:**

A non-active company is one which is either in voluntary liquidation and requires monitoring of its winding up or one that is an approved dormant licensee.
